

Assistant Director for Collection and  
Dissemination  
Management Officer

7 September 1950

Reproduction Backlog [REDACTED] 25X6C

1. Reference is made to your memorandum, subject as above, to the Acting Executive, dated 23 August 1950.
2. Discussion and studies of this and other backlog problems with the Administrative Staff has resulted in the Acting Executive approving a sizeable increase in the T/O of the Reproduction Branch, Administrative Staff.
3. While every effort is being made to accomplish backlogs it is unlikely that any appreciable reduction in the backlogs can be achieved pending the recruitment of the additional personnel.
